**POWERBOSS**

THE POWER OF CLEAN

# COLLECTOR 34

Walk-Behind Vacuum Sweeper for Small to Medium Sized Areas

**CLEANING PERFORMANCE  
UP TO 48,820 FT<sup>2</sup>/HR**

**34 INCH  
WORKING WIDTH**

**TAKE-IT-EASY DIRT HOPPER  
PROVIDES SIMPLE EMPTYING**

Optimized for small to medium sized areas: The Collector 34 provides superior cleaning results with a sweeping performance of up to 48,820 ft<sup>2</sup>/hr. This machine works by applying the clever overhead throwing principle which ensures maximum filling of the dirt hopper to provide both uninterrupted working and excellent sweeping results. The robust, heavy-duty steel frame design makes this Collector a genuine professional -- for impeccably clean floors at all times.

- **Take-it-easy dirt hopper system.**
- **Maintenance-free battery-powered drive system for indoor use.**
- **Low-consumption gasoline engine for outdoor use.**
- **Cleaning right up against edges.**
- **Optional Carpet-Kit available.**

**Take-it-Easy: dirt hopper system integrated in the handle bar**  
 Particularly comfortable: The Take-it-Easy dirt hopper system of our Collector 34 enables easy emptying. The hopper has two separate compartments, for a better weight distribution and easy emptying.

- The pivoting handle bar provides easy opening.
- The dirt hopper can be removed with ease.
- Coarse pieces of debris can be thrown into the hopper manually.

**The filter: shake and clean**  
 The filter shaker allows easy cleaning during operation to provide consistently good cleaning results. When the day's cleaning job is over, the filter can be accessed easily and from the clean side to allow uncomplicated and thorough filter-cleaning.

## Special Features Designed with Attention to Detail

**Maintenance-free battery-powered drive system:** The on-board charger allows charging at any standard power outlet.

**Gasoline Engine for Outdoor Use:** low-consumption and low-noise industrial engine.

**Cleaning close to edges:** widely overlapping side broom provides easy working in curves.

**Optional:** The Carpet-Kit turns the Collector 34 into a gentle, yet thoroughly efficient, carpet cleaning machine

**Swiveling handlebar** for easy access to and opening of the debris hoppers

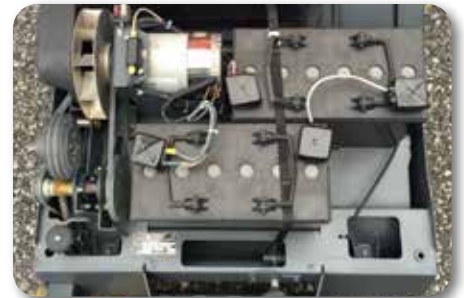

**Ergonomic, User-friendly Controls** ensure ease-of-use and effective operation of the machine

- High sweeping performance/capacity, thanks to the large main broom.
- 100% hopper capacity is achieved as a result of the overthrow sweeping system.
- Large side broom overlap when negotiating corners.
- Powerful dust filter with aggressive filter shaker.
- Large debris flap to collect larger objects as well.
- Robust, heavy duty steel frame.
- Durable engine / battery covers and debris hoppers.
- Ergonomic, self-propelled traction drive system.
- Parking brake with automatic release when starting.
- Quiet, Gasoline 4.4 HP Briggs & Stratton Engine Available

# Technical Data COLLECTOR 34 AT A GLANCE

FEATURE	SPECIFICATION
Productivity	48,820 ft <sup>2</sup> /hr
Sweep Path w/ Side Broom	34.25 inches
Dirt Hopper Volume	1.77 cu ft
Dust Filter Area	17.22 ft <sup>2</sup>
Sweeping Speed	3.1 mph
Battery Pack (Battery)	(2) 12 Volt Maintenance Free Batteries
Engine (Gasoline)	Briggs & Stratton 4.4 HP
Average Run Time	3 Hours
Standard Factory Warranty	3 Years Parts, 1 Year Labor
Weight, Ready for Operation	363.8 lbs
L x W x H (with folded handlebar)	43.31" x 33.46" x 28.15"

A FAMILY COMPANY SINCE 1967
